Motion to accept report

Accepted by Sean Traverse and second by Steve Rizzo

Steve Gustard - New Business

A/L Leave Consultation and Bidding

There were many that were straight forward ie RMO, Plant wanted to change the bidding of annual by sections. This would required a change in the current post office to be divided into 3-4 post Offices. They are determined to implement this for next year and give notice at the DVP level. Delivery, in the end did not have any changes in the bidding, they are looking for no rebidding form next year. Evan though we are able to rebid this year there is very little room to do so.

Prior to starting the annual bid there were some Delivery seniority concerns brought forward they were looked over and some were found to be errors in the SAP entry

Relationship with Canada Post

Lately we've had difficulty, our complaints and concerns have been taking more time to resolve or heard. We have been receiving many more concerns from our member's which they too may not be looked at in a timely fashion.

Support Groups

There has been many changes in the area's IE HR, LR, Some Groups are overwhelmed
